What We Do Next

Making a Complaint

Most problems can be sorted out quickly and easily with the person concerned, often at the time they arise, and this may be the approach you try first.

Where you are not able to resolve your complaint in this way and wish to make a formal complaint you should do so, preferably **in writing** as soon as possible after the event and ideally within a few days, giving as much detail as you can, as this helps us to establish what happened more easily. In any event, this should be:

- Within 12 months of the incident,
- or within 12 months of you becoming aware of the matter

If you are a registered patient you can complain about your own care. You are not normally able to complain about someone else's treatment without their written authority. See the separate section in this leaflet for what to do in this case.

Send your written complaint to:

FAO: Complaint Manager
North Trafford Group Practice
Address (Available on front page of leaflet)

You may also make your complaint directly to gmich who commission our service:

Details of how to do this can be found at the following website, under the 'Local area feedback and complaints' section:

<https://gmintegratedcare.org.uk/have-your-say/contact-us/>

We aim to settle complaints as soon as possible.

We will usually acknowledge receipt within three working days and aim to resolve the matter as soon as possible but will give you some idea of how long that may take at the outset. You will then receive a formal reply in writing, or you may be invited to meet with the person(s) concerned to attempt to resolve the issue. If the matter is likely to take longer than this, we will let you know, and keep you informed as the investigation progresses.

When looking into a complaint, we attempt to see what happened and why, to see if there is something, we can learn from this, and make it possible for you to discuss the issue with those involved if you wish to do so.

When the investigations are complete, a final written response will be sent to you.

Where your complaint involves more than one organisation (e.g. social services) we will liaise with that organisation so that you receive one coordinated reply. We may need your consent to do this. Where your complaint has been initially sent to an incorrect organisation, we may seek your consent to forward this to the correct person to deal with.

The final response letter will include details of the result of your complaint and also your right to refer the matter further to the Parliamentary and Health Service Ombudsman (details shown elsewhere in this leaflet) if you remain dissatisfied with the response.

The practice Complaints Lead & Manager are:

Dr Joseph Chandy (Complaint Lead)
Samina Khan (Office Manager)

We keep to the strict rules of medical and personal confidentiality. If you wish to make a complaint and are not the patient involved, we will require the written consent of the patient to confirm that they are unhappy with their treatment and that we can deal with someone else about it. In the event the patient is deceased, then we may agree to respond to a family member or anyone acting on their behalf or who has had an interest in the welfare of the patient.

Where the patient is incapable of providing consent due to illness, accident or mental capacity, it may still be possible to deal with the complaint. Please provide the precise details of the circumstances that prevent this in your covering letter.

Please note that we are unable to discuss any issue relating to someone else without their express permission, which must be in writing, unless the circumstances above apply. You may also find that if you are complaining on behalf of a child who is capable of making their own complaint, we will expect that child to contact us themselves to lodge their complaint.

We may still need to correspond directly with the patient or may be able to deal directly with the third party. This depends on the wording of the authority provided.

Complaining on Behalf of Someone Else
